

Sweet Persuasion

Brett Dennen

I know you got my number
And I know your spell I'm under
I won't break this
I got something on you You know me
And my weakness
And ya know my little secret
Still I think that I got something on you Sweet persuasion
Do you know my reputation?
Sweet, eet, eet persuasion
I've got a hard reputation All I want?
Your affection
I can offer you protection
Come on baby, what you got to loose? Sweet persuasion
do you know my reputation?
Sweet, eet, eet persuasion
I've got a hard reputation Give me love
Show me what you're made of
Give me love
Give me love
love love love Sweet persuasion
do you know my reputation?
Sweet, eet, eet persuasion
I've got a hard reputation Vocal flare
