Over My Head

Pam Tillis

Ohh oh ohh oh oh
Eww eeewww ewww eww
Over my head, over my head
I feel the light from heaven shining over my head
Over my head, over my head
I feel the light from heaven shining over my head
When chilly winds blow,
and hard times do show,
there always one thing,
one thing i know
Over my head, over my head
There is a light from heaven shining over my head
Over my head, over my head
There is a light from heaven shining over my head
Don't be mislead, its right up ahead
There is a light from heaven shining over my head
When I lose my way, stumble and stray
Oh please, oh please
Show me the way
Over my head, over my head
I hear the angels singing up and over my head
There's a light from heaven shining down upon us all
There's a chance for all of us to answer to his call
If We can't believe that there's a better life ahead
If it makes our time on earth a little easier to bare then
Over my head over my head
Hhmm hhmmm hhhmmmmWell many of time I break down and cry
This ole life of mine
