

# Say Goodbye

## Hunters & Collectors

Well just the other night I come home  
After three months of constant grind and travel  
And I went sniveling  
I went crawling around to my girlfriend's house

And she came down hard upon me  
And she ground her finger into my breastbone  
And she said  
She said: "You don't make me feel... like I'm a woman... anymore

And you don't make me feel like I'm a woman any more  
You don't make me feel like I'm a woman any more  
And I know  
I know it's been a long time

Seems like it's been go-ing on forever  
And my heart  
My heart is beating  
Too big

It's beating too big for the space that's meant to hold it  
So good-night  
Goodnight my little lovely  
As we turn

As we turn down the lights  
Say good-bye  
Goodbye to the naked truth  
Your skin is looking weary

And your eyes are closing down on the day  
I know, I know it's been a long time  
Seems like it's been going on forever  
But just as black is white

Yeah and just as night is day  
The light is going to leave you  
And you're gonna fade away  
So goodnight, goodbye my lovely

As we turn, as we turn down the lights  
Say goodnight, goodnight to the naked truth  
Your skin is looking weary  
And your eyes are closing down on the day
