Cat On The Wall

PJ Harvey

Turn up the radio
Turn up the radio
Turn up the radioI heard our song on the radio
It wasn't long before I think of you
Can't get the sound out of my head
Don't look now it's comin' 'round againI saved your voice from the telephone
I play it back on the message machine
It really sounds like you're havin' fun
I'm goin' out into the midday sunThe midday sun
The midday sun
The midday sun, oh
Midday sun
The midday sun
Chill in the sun
Midday, oh, oh
Midday sunGood tides, gonna step outside
Take a walk, I'm gonna clear my mind
The radio, still playin' our song
You got me jumpin' like a cat on a wallCat on a wall
Cat on a wall
Cat on a wall
Cat on a wall
Cat on a wall
Oh, cat on a wallTurn up the radio
Turn up the radio
Turn up the radioThey play the radio in my dreams
Takes me back to when I was seventeen
Dancing in circles on the kitchen floor
I'll play this song 'til I can't take anymoreTake anymore
Take anymore, oh
(Turn up the radio)
Take anymore
Take anymore, oh
(Turn up the radio)
Take anymore
Take anymore
(Turn up the radio)
Take anymore, oh

Take anymore
(Turn up the radio)
