Mermaids

Jinja Safari

Dreamer
Earth child
I met a beautiful girl
That's all in their eyes
Come down
I follow you
I shouldn't feel like I do
But I've made up my mind
And it's all I can do to sit still

Mermaids
Arctic stars
Lost by land
Beast I'll hold onto my hand
Oh lady of the sea it's gone too far
I can never keep you alive in a jar
But I never meant to be so I'll just keep quiet
That's just what you show

Oh oh whoa.....

Desert place
So far from where we set sail
Lost my stare
But I still go round looking for her

Oh lady of the sea it's gone too far
I can never keep you alive in a jar
I can never say I was falling for you
That's just what you show

Oh oh whoa.....

Oooooh.....

I have a question for life
But I can't wipe the smile off my face
And I feel like there's nothing to say
So please I'll just leave it I pray

Oh oh whoa...
