

Flame (just Cuz)

Jaden Smith

Swag Swag Swag Swag
Roll up cash get grown
MCM backpack that says rap pack on it
Man I'm about to go HAM
I dont even have a swag hat on
Oh JB where my calls at?
All you lil jokers better fall back
Couple million on a movie what you call that?
I dont give a shit someone tell me where the stalls at?
Swaggie
Young Smitho say I got swag probably won't say 'ditto'
Cuz i am the only one they call me the holy one
I ain't tryna force you but you callin me Obi Wan
So get up on this
I'm lookin for a hot one
Talkin bout a boyfriend hope that you ain't got one
Even if you do we can make it work though
Girl I'm not a jerk I just wanna see you twerk
Oh jeez
So back it up til you feel my hands touchin you
Girl I'm tryna kick it
No I'm not in love with you
Here for one night so lets go get into trouble
So i'll go handle the bill and you can be Mrs. Huxtable
Oh your body lookin like a soda bottle
Say you wanna go to Germany lets go tomorrow
'Cause you certainly lookin like the hottest model
When you in that dress Ooh yes YOLO thats the motto
Oh I'm usually scared of some long-term
Mess it up as soon as I say the wrong words
What doesnt kill me is probably gone make me stronger
Im'a workaholic Oh thats why you call me Anders
Bring the guitar in, they bringing the star in
We waiting at valet, they bringing my car in
We're making a MayBach movie
And its staring me and my clique
We're kicking it like a sidekick
Get up on this
I'm lookin for a hot one

Talking bout a boyfriend hope that you aint got one
Even if you do we can make it work though
Girl Im not a jerk I just wanna see you twerk
Oh jeez
So back it up til you feel my hands touchin you
I was just tryna kick it but now I think I am in love with you
Here for one night so lets go into trouble
So I'll go handle the bill but you can be Mrs. Huxtable
Oh please don't cry to me baby
Please don't lie to me baby
Come over here close your eyes with me baby
Yeah this world is so harsh, come survive with me baby
Oh bad times yeah we had those
Back when I was rocking bad flows
Back when I wouldn't do battles
Hehe back when the joker was rocking afros
So get up on this
I'm lookin for a hot one
Talkin bout a boyfriend hope that you ain't got one
Even if you do we can make it work though
Girl I'm not a jerk I just wanna see you twerk
Oh jeez
So back it up til you feel my hands touchin you
I was just tryna kick but now I think I'm in love with you
Here for one night so lets go get into trouble
So I'll go handle the bill but you can be Mrs. Huxtable
So get up on this
I'm lookin for a hot one
Talkin bout a boyfriend hope that you ain't got one
Even if you do we can make it work though
Girl I'm not a jerk I just wanna see you twerk
Oh jeez
So back it up til you feel my hands touchin you
I was just tryna kick it but now I think I'm in love with
Here for one night so lets go get into trouble
So I'll go handle the bill and you can Mrs. Huxtable
