

History (feat. Will Young)

Groove Armada

I'm sad with the way that I am
I'm turning away from the past, oohh
I'm lookin' for a better place
I'm lonely but findin' my way around
Around,around,
Around,aroundSo long, something is stirrin' up in the air
Because it keeps turning me around.
So long, something is stirrin' up in the air
Because it keeps turning me around.It's starting to push at my mind
Forget all the things that I took with me
I'm throwing away all my dreams
Dreams,
Dreams,
Dreams,So long, something is stirrin' up in the air
Because it keeps turning me around.
So long, something is stirrin' up in the air
Because it keeps turning me around.
