Seen Enough

Kingdom Come

Can you see me
Can you feel me
Can you hear me cryI've been bleeding
I've been waiting
Help me free my mindFinding you, is all to do[Chorus:]
I have seen enough
Need a soothing touch
Someone I can trust
(Everlasting love)She is out there
I will find her
And I`ll stop to runThink she's close now
's getting warm now
like the rising sunShine on me, help me seeThink I'm getting close
Never gave up hope
She will come, I know
I need you so... ...you know
