

Girl I Love You

Eddie Floyd

Hey little girl
Where you been so long
Is it true that you
Been hurt and treated wrong
Now I heard that John DoeBroke your heart in two
If you give me chance
I'll take care of you
Cause you're the answer to
My one and only prayerGirl I love you
Now I remember when
You were just sixteen
I remember that
I remember that
And everybody knewYou were my teenage queenâ€œooooh yeah
As I look at you now
You still the best I see
So I won't be satisfied
Till you wear you wear my ring
Oooh no
