

Look at Me Now

Electric Light Orchestra

Someone is waiting, lurking in the trees
The spirit of her is walking back to me
 Ah, look at me now feeling emotion
Ah, look at me nowThe King of the castle brought her to her knees
 Gave the Salvation Army girl a squeeze
 Ah, look at me now feeling emotion
 Ah, look at me now
 Look at me now
 Now she's a sallow face
 Scattering her lace - on dewy ground
 Ah, I keep searching my head
Now it's spinning aroundLifting her head, her countenance redeemed
 Re-acted the murder by the silver stream
 Ah, look at me now displaying emotion
 Ah, look at me now
 Look at me now so cold and yet so brave
 Weave me some wings to take me to her grave
 Ah, look at me now feeling emotion
 Ah, look at me now
 Look at me now
