

# Used Cars

## Sunny Sweeney

Some people think that living is better  
With bells and whistles and seats made of leather  
But I find joy in an old joyride  
That needs a jump start every once in a while  
Like a diamond in the rough,  
there's a gem waiting in the junkyard  
Used cars "Owner driven previously"  
Has always turned out to be a blessing to me  
You take the latest model for a spin off the lot  
Hit the main drag and the value drops  
I saw the potential of a real love sitting in park  
Used cars  
Just when I was thinking  
All the good ones were gone  
I found one woman's wreck  
And made him someone I could count on  
No you didn't look broken down  
But I could tell you had a broken heart  
I guess I always had a certain kinda thing  
For used cars  
One headlight and a windshield crack  
Minor repairs can fix all of that  
It's just my opinion but I think it's true  
They quit making good men like you  
Some are older but they look younger than they are  
Used cars  
Just when I was thinking  
All the good ones were gone  
I found one woman's wreck  
And made him someone I could count on  
No you didn't look broken down  
But I could tell you had a broken heart  
I guess I always had a certain kinda thing  
For used cars  
Just when I was thinking  
All the good ones were gone  
I found one woman's wreck  
And made him someone I could count on  
No you didn't look broken down  
But I could tell you had a broken heart  
I guess I always had a certain kinda thing  
For used cars  
Miles don't matter as much as you think  
And I know you don't come with a warranty  
I just wanna spend every second with you  
On the boulevard where the streets are smooth  
Running real slow cause you know we don't have to go far  
I don't love you for the way you were  
I love you for the way you are  
Used cars
