

We Are The Remnant

King Jesus Youth Band

We are the remnant

There is a movement that is stirring up,

Rising up

We are God's people He has chosen us

And lifted us

In this revival we will prophesy

Into the darkness we will bring the light

With faith, and power

Bringing His Spirit here as we cry out

We want the manifestation of His Glory

We are the Remnant

We move in Holy Spirit and power////

There is a movement that is stirring up,

Rising up

We are God's people he has chosen us and lifted us

In this revival we will prophesy,

Into the darkness we will bring the light

With faith, and power

Brining his spirit here as we cry out

We want the manifestation of his Glory

There is a movement that is stirring up, rising up

We are God's people he has chosen us and lifted us

In this revival we will prophesy,

Into the darkness we will bring the light

With faith, and power

Brining his spirit here as we cry out

We want the manifestation of his Glory

We are the Remnant

We move in Holy Spirit and power////

In Christ we are

An unshakable generation

Fearless in love

With revelation of the son

In Christ we are

We move in Holy Spirit and power////

Let the heavens open and come down

Baptize us with your fire

Let the heavens open and come down

Descend on us
'Cus We are the Remnant
We are the Remnant
We move in Holy Spirit and power
