Love Lost

Sam Hawksley

Verse 1:
Reminiscing, I remember me and you we used to play with the dogs
While you were sleep I'd stare, stare while you lay in my arms
And now im stuck on stupid rain Forrest couldn't get wetter than you get
I used to beat it up you gave me your love I abused it now im facing the music
Bridge:
Oh how I yearn for your touch
so lonely now that you left me
If I could run away you know I would
And I'm hurtin cause girl I never loved you like I should
Chorus:
When your love is lost
Your whole worlds thrown off
When the one you need don't need you
What do you do, when love is lost?
Verse 2:
I was trippin wouldn't listen now I'm sitting sipping shots at the bar
Now im riding to the 90's hits listening to Aerosmith
"I don't wanna close my eyes
Don't wanna fall asleep "
Tell me how I can I be fly without the wind beneath my wings
Bridge:
Oh how I yearn for your touch
so lonely now that you left me
If I could run away you know I would

And im hurtin cause girl I never loved you like I should
Chorus:
When your love is lost
Your whole worlds thrown off
When the one you need don't need you
What do you do, when love is lost?
Verse 3:
And now I see
The man you need
When I look into the mirror I see change
And I close my eyes and wish you could see the same
But it's too late
Chorus:

When your love is lost
Your whole worlds thrown off
When the one you need don't need you
What do you do?
When your love is lost
Your whole worlds thrown off
When the one you need don't need you
What do you do, when love is lost?
Lost gone out the window
When love is lost
Lost can't see your love no more
When the one you need don't need you
What do you do, when love is lost?
