

(You'll never get out of this maze)  
You'll never get out of this maze  
(You'll never get out of this maze)  
You'll never get out of this maze  
(You'll never get out of this maze)  
You'll never get out of this maze  
(You'll never get out of this maze)  
You'll never get out of this maze  
(You'll never get out of this maze)
