Games

Alison Wonderland

Who told you this is gonna make me change?
I'll never cave and give you all my game.
It's never how I thought that this would play,
But I keep running to you anyway.I'll stop and then you say;
You didn't even know about it.
I feel the games you play.
There's a way to work around it.
Cause we need more but I
Seem to fall back into it.
Can't tell you what I think;
You didn't even know about it.And I can't help but know it's not enough.
But you got me hung up like every time.
I'm sick of hearing from you;
That it's fine.I'll stop and then you say;
You didn't even know about it.
I feel the games, you play.
There's a way to work around it.
Cause we need more, but I
Seem to fall back into it.
Can't tell you what, I think;
You didn't even know about it.I'll stop and then you say;
You didn't even know about it.
I feel the games, you play.
There's a way to work around it.
Cause we need more, but I
Seem to fall back into it.
Can't tell you what I think;
You didn't even know about it.I'll stop and then you say;
You didn't even know about it.
I feel the games you play.
There's a way to work around it.
work around it work around it work around it
work around it work around it work around it
work around it work around it work around it
You didn't even know about it.
You didn't even know You didn't even know
You didn't even know You didn't even know
You didn't even know You didn't even know
You didn't even know You didn't even know

You didn't even know You didn't even know
You didn't even know You didn't even know
