Truth Serum

Smog

Me and some friends of mine
We stayed up all night taking truth serum
We soon realized the mistake we made
And went our separate separate waysI went up on the roof
Where I thought I'd find some truth
There beneath the stars
But questions followed meDo you miss me, when I go
Honey, I love you
And that's all you need to know
Well then, what is loveLove is an object kept in an empty box
How can something be in an empty box
Well, well, give me another shot
Of that truth serumI went back downstairs to check on my friends
Because truth has a way of beginning an end
Big Bruiser Ken walks in says, "I like men"
I excuse myself and go back up on the roof again
More questions follow meIs death really the end
Honey, I love you and that's all you need to know
Well then, what is life, well, that's a good song
Without you by my sideTaking that serumPeople people theres a lesson here plain to see
There's no truth in you
There's no truth in me
The truth is between
The truth is between
