Don't Catch Me

Kadie Hodges

Dreaming of you
Can this be true?
Floating away
To a beautiful, new placeSo dont put out your hands
'Cause I dont want to land
Just let me keep falling, fallingSo don't catch me now
I just wanna keep on falling somehow
So dont stop me now
I just wanna keep this going somehow
Keep on falling
Keep on fallingSmiling outloud
Sailing through clouds
Life is so new
And all I know is that Im drifting towards youSo don't get in the way
I want this feeling to stay
Just let me keep falling, fallingSo don't catch me now
I just wanna keep on falling somehow
So don't stop me now
I just wanna keep this going somehow
Keep on falling
Keep on falling
Keep on falling
Keep on fallingSo don't catch me now
I just wanna keep on going somehow
So dont stop me now
I just wanna keep this going somehow
Keep on falling
Keep on falling in love with you
