We Gotta Live Together

Jimi Hendrix

We'd like to say, we'd like you to clap your hands
Just one more time and sing along with usHaa, haa, haa
The old house dog is waggin' his tale
Nobody loves him, he's dirty as hell
They put him in home, sweet hell
Everyone nowHome sweet home, home sweet home
Home sweet home
Got to be love beside ya
Home sweet home
That's all you gotta have love beside ya
Home sweet homeYeah
Home sweet home, home sweet home
Home sweet home, it's alright
Home sweet home, yeah, yeah
Home sweet home
Home, home, home, home
YeahIt's all, it's all
Yeah, yeah, yeah
We got to live together, yeah
We got to live together, yeah
We got to live together, yeah
We got to live together
