

# Mysterious (Intro)

[Missy Elliott](#)

We started in 1997 and finished in 1999

Ha, ha, she brought you 'The Rain', 'Sock it to me', 'Beep me 911'

Now it's a new year

Not the year two G but the year three G

She's a bitch, ha ha ha

Definitely, 'The Bitch' releasing right about now That's right, Timbaland, Missy Elliott, bring to you the future

And I am Morpheus

If you go to your local phone booth

You can find out what I have to say to you about the bitch
