

Give A Little Love

Rilo Kiley

you'll get your money
i'll get my friends
hard living's forgiven
in the end you got your troubles
i got mine
on a clear day i can
read your mind
it's like a battlefield inside(1st chorus)
you got to
give a little love
give a little love
give a little love
to get a little love
give a little love
give a little love i know you better
than you want me to
inside your pockets
and walking in your shoes
it can get better if you try(1st chorus)(2nd chorus)
i hope you
give a little love
give a little love
give a little love
to get a little love
give a little love
give a little love i keep you close
in my wildest dreams
my rearview mirror
and you're waving to me
our last goodbye(2nd chorus x2)
