

Go Baby Go (Live From Da House of Rust)

Krokus

If you got problems with your ramblin' girl
she's giving you the blues
you wanna little more
she gives a little less
she's treating you so cruel
pick up your life you're never alone
when the hard times rule Come on over honey
listen what I say - yeah
Go... go baby go
Go... go baby go You've reached the point of no return
you look her in the eye
when the goin' gets tough the tough gets goin'
you take her by surprise
now your life's back on the track
'cos you're a highway child Come on over honey
listen what I say - yeah Go... go baby go
Go... go baby go
Go... go baby go
Go... go baby go She hit you once
she hit you twice
I don't need no dirty lies
Go... go baby go
Go... go baby go
Go... go baby go
Go... go baby go
