

# Tricks Of The Light

Noel McCalla

I'm half a crazy man  
Waiting for confirmation  
Signs keep a changing and  
I need some more information  
Some tricks of the light  
You'll never know  
Make a flickering midnight light  
Into a glow  
It's a trick of the light  
It's a trick of the light  
Something and tells me how  
Her bright blue eyes are smiling  
She turns her head now  
Will she, won't she deny him?  
Some tricks of the light  
You'll never know  
Make a flickering midnight light  
Turn into a glow  
And the spark you saw so bright  
Was just for show  
Could it ever have turned out right?  
You'll never know  
It's a trick of the light  
It's a trick of the light  
She turns, she takes his hand  
Breaking his concentration  
She burns at his command  
Makes some transfiguration

Some tricks of the light  
You'll never know  
Make a flickering midnight light  
Turn into a glow  
And the spark you saw so bright  
Was just for show  
Could it ever have turned out right?  
You'll never know  
It's a trick of the light  
It's a trick of the light

Could it ever have turned out right now?  
It's a trick of the light  
That is something you'll never know  
It's a trick of the light  
Could it ever have turned out right now?  
It's a trick of the light  
That is something you'll never know  
It's a trick of the light  
Could it ever have turned out right now?  
It's a trick of the light  
That is something you'll never know  
It's a trick of the light  
That is something you'll never  
Something you'll never, something you'll never  
Something you'll never, something you'll never  
Something you'll never, something you'll never  
Something you'll never, something you'll never
