

Love Abuse

Bobby V

How many times have I run away from love? Oh love

How long must I wait for this thing to come around

Pre-Its gotta be love abuse

Making love was my excuse

Ive been married, well Ive done everything yea

Eh uu

Its time to face the truth

Making love was my abuse

Ive been married, well Ive done everything yea

Eh uu

2 x Im missin you baby

Im really really missin you baby

Im missin you baby

Im really really missin you baby

How many smile can I fake when I wanna frown? Oh uh

How many hearts can I break until I come around? Oh

Pre-Its gotta be love abuse

Making love was my excuse

Ive been married, well Ive done everything yea

Eh uu

Its time to face the truth

Making love was my abuse

Ive been married, well Ive done everything yea

Eh uu

4 x Im missin you baby

Im really really missin you baby

Im missin you baby

Im really really missin you baby

Im missin you, Im missin you

Im missin you baby

Im missin you baby, Im missin you baby

Im missin you baby, Im missin you baby
