

# Not As You Were

## Ambrosia

When you've had enough of trouble  
Had it up to here,  
Your mind can't help but wandering  
To some place gonna get you clear  
You've had enough of misery  
You've gotta find you somethin' new  
And I'd be gone in a wink  
If I thought I could think  
Of some place gonna get me through  
Tryin' to find some breathin' room  
A little peace from your case of blues  
It's hard to cut the ties that hold you  
Get the lead out of your shoes  
You've had enough of misery  
You've gotta find you some new clue  
And I'd be gone in a wink  
If I thought I could think  
Of some place gonna get me through  
Not as you were  
You really don't need that  
You tried it out  
It just didn't work  
Not as you were  
Really don't need that  
Not as you were, were  
Oh, if I had some relief  
Get me out of the rain and the cold  
Then, I'd be down on my knees  
Giving thanks for the peace, all right  
When you've had enough of trouble  
Had it up to here  
Your mind can't help but wandering  
To some place gonna get you clear  
Yeah, yeah, yeah  
Not as you were  
You really don't need that  
You tried it out  
It just didn't work  
Not as you were  
Really don't need that  
Not as you were, were  
Not as you were, were
