Le Moderniste

Sweet untouchable you
You give me the runaround
All you say and what you do
Picks me up and leaves me hangingDo you call, do you
Do you call, do you
Do you call, do you call that loving me?
I don't, I don't, I don't no noSweet unthinkable past
How you jog my memory
I knew, I knew it wouldn't last
Cos you keep on picking me up
And leaving me hangingDo you call, do you call that loving me?
Do you call, do you call that loving me?
Do you call, do you
Do you call, do you
Do you call, do you call that loving me?
I don't, oh no I don't
I don't call that
You don't call thatSweet unstoppable you
Send my system crashing, crashing
All you say is not what you do
You just keep on picking me up and leaving me
Keep on picking me up and leaving meDo you call, do you call that loving me?
Do you call, do you call that loving me?
Do you call, do you
Do you call, do you
Do you call, do you call that loving me?
I don't, oh no I don't
I don't call that
You don't call that
You don't call that
You don't call that
