freeze that!
program the grump out!
lump it and hump out!freeze that!
program the grump out!
lump it and hump out!people with their frowns bringin' me down
smack ya in yo' face, get outta my space
got this remote control, tell ya what I'm gonna do
i'll flip that happy switch, ZAP all of you! ZAP! ZAP!freeze that!
program the grump out!
lump it and hump out!freeze that!
program the grump out!
lump it and hump out!see what life will bring, if ya wear that grin
all em pearly whites blindin' out the sin
you betta not relapse or i'm gonna have to slapz
that ugly glare, ewwww, get the hell outta here!freeze that!
program the grump out!
lump it and hump out!freeze that!
program the grump out!
lump it and hump out!what ya gonna do now, oh when we come to get cha
oh change that ugly frown now, before oh we find ya
don't give us no excuses
ya know, ya don't like the weather
ya gotta stop all your whining

program the grump out!
lump it and hump out!freeze that!
program the grump out!
lump it and hump out!i just don't know what to do sometimes
ya know i'm mindin' my own business
sitting on the bus, comin' home, and i see that frown
what i gotta do to make you smile baby?
i'll give you a hug?
can i ask you what's up?
i got a donut. maybe some glitter for your hair?
