

Around the Clock

The Rocket Summer

Dance until we just can't
Clappin' our hands to the songs and keep dancin' around
To the joyful sound that the band plays
As his smiling face just shines away It's moving through town, as big as a train
April, May, June and July, we'll hang outside
August through February, all the time talking our way through March
Hanging out always till this starts Over and over again, you promise that it won't end
So, I will try to find a rhyme to thank you again
And how I, I am not into the idea of living without you
And I, I am not into the idea of being without you And no this won't be a sad song
There's going to be claps and singing along
'Cause sad songs about now
Well that would just feel wrong Beautiful colors, they came from you
So, this ones goes out to the reds and yellows and blues
And of course I can't forget
All the beautiful colors on the day that we first met So I will never know the right way to say, thanks
For all the nights and days you spend hanging out
But that's what this is about How I, I am not into the idea of living without you
And I, I am not into the idea of being without you And no, this won't be a sad song
There's going to be claps and singing along
'Cause you're there when to talk
And you're there not to stop and you're with me Around the clock, you are, you are
Around the clock, yes, you are around the clock And just, so, ya'll know everyone else is not So I, I am not into
the idea of living without you
And I, I am not into the idea And no, well this won't be a sad song
There's gonna be claps and singing along
'Cause you're there when you talk
And you're there not to stop and you're with me, around the clock And I am not into the idea of living without
you
And I, I am not into the idea being without you And no, this won't be a sad song
There's going to be claps and singing along
'Cause you're there when to talk
And you're there not to stop and you're with me
