

New York Girl

David LeMair

New York Girl

When the sun goes down
I need to be with a lover
When I was done with one
Then Iâ€™d go to another

Close my eyes and now Iâ€™m there
Concrete giants everywhere, they
Use the moon as a volleyball
Being careful not to let it fall

Saw you dancing way up high
Like an angel in the sky, you
Turn my soul into a ball of fire
Leaving me mad with desire

Chorus

New York Girl let me into your world
If not Iâ€™ll go crazy I will
New York Girl let me into your world
If not Iâ€™ll go crazy, crazy I will

At night I discovered
You were the ultimate lover
Now itâ€™s you that I want
Donâ€™t need to be with another

I open my eyes and there you are
Moving closer yet still so far, I
Tried to yell and then I tried to scream
Nothing came out was it all a dream

Chorus

Newâ€™Yorkâ€™Girl
Newâ€™Yorkâ€™Girl (not purple)

You know that I want you
You know that I care

You know if you need me Iâ€™ll always be there
Tell me you love me
Tell me itâ€™s true
Tell me youâ€™ll need me like I need you

New York Girl let me into your world
If not Iâ€™ll go crazy I will
(Repeat)
