Loving You Tonight

Squeeze

The full moon's glowing, blood red in the sky
It hangs like fire on this winter's night
I sit on feelings that hang in suspense
Nothing in my life makes senseA question mark hangs with the stars up above
As I'm driving home to the one that I love
Sometimes I can't see the trees for the wood
Loving you tonight feels good
Loving you tonight feels goodThe moonlight changes from red into white
It sits on tree tops, asleep for the night
I see the signpost, the road slowly bends
Nothing in my life makes senseA flashing tail light speeds across the sky
My head's cooking trouble as thoughts seem to fry
The last temptation was misunderstood
Loving you tonight feels goodI'm faced with the ultimate truth
What if I see things don't improve
I know they could
Loving you tonight feels goodThe sun is rising, there's mist all around
She sleeps beside me and I feel so proud
Am I in heaven with her by my side
This is how love feels tonight
