Spark In The Dark

Alice Cooper

Oh, welcome to the party
It's only me and you
Tell the world to go away, babe
And I'll tell you what to do
Come over here and kiss me
I want to pull your hair
Turn out the lights and hold me
I want to touch you everywhereWe don't need nobody, baby
We don't need champagne
I'll take you to the deepest, darkest, hottest, lovers' laneFor a little spark in the dark
Just a little spark in the dark
Don't matter where we sleep
Don't matter where we park
All we need is a spark, spark
Spark in the dark
Just a little spark in the darkOh, come around midnight
We'll be crawlin' on the floor
Burnin' with the fever
And yellin' out for more
But don't you write it in your diary, baby
Don't blab it on the phone
'Cause if your mom and dad find out
They'll skin me to the boneNow we don't need instructions, baby
Don't you be afraid
It takes a little friction, ah ha
That's how our love is madeFrom a little spark in the dark
Just a little spark in the dark
Don't matter what you say
No matter what you do
As long as it is me and you
We got a spark in the dark
Just a little spark in the dark
Yeah, yeah yeah yeahWe don't need nobody, baby
We don't need cocaine
I'll take you to the deepest, darkest, hottest lovers' laneSpark in the dark
Just a little spark in the dark
Don't matter where we sleep
Don't matter where we park
All we need is a spark, spark

Spark in the dark
Spark in the dark
Just a little spark in the dark
No matter what we say, no matter what we do
As long as it is me and you
We've got a spark in the dark
Just a little spark in the dark
Oh, Well, you got your reputation baby, I got mine
And there's every indication you're the dangerous kind
You wear the black leather dress and it's toasin' tight
Sparks are gonna fly when I turn out the light
I need a spark in the dark
Just a little spark in the dark
