

Wouldn't Change A Thing

Tina Arena

We got together
And then we fell apart
We had to move on
And make a brand new start
(Time went on) You started missing me
(Realise) You could be kissing me
(Now you're here) Here to stay
I wouldn't have it any other way

Oh ...

I wouldn't change a thing

Oh ...

I wouldn't change a thing

No ...

Sometimes a breakup
Can really bring you down (oh so down)
But then it's better

The second time around
(You and I) We just belong together
(Can't deny) But baby we could never

(Be apart) For very long
Cause what we got is just too strong

Oh ...

I wouldn't change a thing

Oh ...

I wouldn't change a thing

No ...

Oh ...

After you put your whole heart and soul in it baby
Sometimes you still got to lose your love to the end

We begin, we begin, we begin again

Baby, baby, we begin again

Oh ...

I wouldn't change a thing

I wouldn't change a thing

Oh ...

Baby, I wouldn't, I wouldn't

I wouldn't change a thing

Oh ...

Oh ...
