

# Pictures On My Wall

## Echo & The Bunnymen

Can you hear it?  
The sound of something burning  
Something changing  
On the merry-go-round tonightThe pictures on my wall  
Are about to swing and fall  
Love it all, love it allOoh, we should have  
We should have got it right  
Ooh, we should have  
We should have got it right tonightCan you hear it?  
The sound of someone thinking  
Heart's beating  
On the merry-go-round tonightThe pictures on my wall  
Are about to swing and fall  
Love it all, love it allOoh, we should have  
We should have got it right  
Ooh, we should have  
We should have got it right tonightPeople come I count every one  
Faces burning, hearts beating  
Nowhere left for us to runThe pictures on my wall  
Are about to swing and fall  
Love it all, love it all
