With Me

Brett Max

It's stupid I gotta say this
Yo, she was all surgeries and cashmere
Told me she ain't never heard of me I'm pass clear
Now she wants the V.I.P and me to handle cashiers
Oh you all about it now? , where was you last year
Fax year, cos I ain't gotta lie about it
you ain't got your debit card
You think you're getting mine?
I doubt it, looking bougie in those heels but you ain't got no balance
And if it weren't for deepthroats you'd have no talent you ridin with the kid,
but you don't know what I did,
to get here
You don't, you don't know
You riding with me now but you weren't when I was down
You don't, you don't, you don't know
Woah, woah, woah, woah, woah, Fuck youuuuu
(Hahaha)
Woah, woah youse a hoe ohh, it's true
But bitch I don't fuck with you
Noawoahoh
But you're fucking with me now
And I'm worth something to you
You're fucking with me now
But I don't fuck with you too

Cos you a bitch, and you ain't work for it
My flow stay wavy like a surfboard
Search warrant out for anybody who will fuck with em
Wouldn't give the time of day, now bitches let the nuts hit em
Yeah I ain't giving out what the sudds giving yeah
No no fucks don't know what him em yeah
Giving me the dates for a few drinks
Let me check my Calendar, sorry bitch it's too late

you ridin with the kid,
but you don't know what I did,
to get here
You don't, you don't know
You riding with me now but you weren't when I was down

You don't, you don't, you don't know
Woah, woah, woah, woah, woah, Fuck youuuuu
(Hahaha)
Woah, woah youse a hoe ohh, it's true
But bitch I don't fuck with you
Noawoahoh
But you're fucking with me now
And I'm worth something to you
You're fucking with me now
But I don't fuck with you too

Cos you a bitch, and you ain't work for it
My flow stay wavy like a surfboard
Search warrant out for anybody who will fuck with em
Wouldn't give the time of day, now bitches let the nuts hit em

You're fucking with me now
But I don't fuck with you too
