

# No Tomorrow

Orson

Let's go to a rave and behave  
Like we're tripping simply 'cause we're so in love  
Funny hat shiny pants all we need for some romance  
Go get dolled up and I'll pick you up There's no line for you and me 'cuz tonight we're V.I.P.  
I know somebody at the door  
I see that twinkle in your eye you shake that ass and I just die  
Let's check our coats and move out to the floor When I'm dancing with you tomorrow doesn't matter  
Turn the music up till the windows start to shatter  
'Cuz you're the only one who can get me on my feet  
And I can't even dance Just look at me silly me I'm as happy as could be  
I got a girl who thinks I rock  
And tomorrow there's no school so let's go drink some more red bull  
And not get home till about 6 o'clock When I'm dancing with you tomorrow doesn't matter  
Turn that music up till the windows start to shatter  
'Cuz you're the only one who can get me on my feet  
And I can't even dance Everybody here is staring at the outfit that you're wearing  
Love it when they check you out, cover's only 20 bucks  
And even if the DJ sucks it's time to turn this mother out When we're together, when we're together  
There's no tomorrow, there's no tomorrow  
When we're together, there's no one in the world  
But you and me oh, you and me oh, you and me
