## Blind Guardian

Far, far beyond the island  
We dwelt in shades of twilight  
Through dread and weary days  
Through grief and endless painIt lies unknown the land of mine  
A hidden gate to save us from the shadow fallThe lord of water spoke  
In the silence words of wisdom  
"I've seen the end of all  
Be aware, the storm gets closer"Mirror, mirror on the wall  
True hope lies beyond the coast  
You're a damned kind, can't you see  
That the winds will change?Mirror mirror on the wall  
True hope lies beyond the coast  
You're a damned kind, can't you see  
That tomorrow bears insanity?Gone's the wisdom of a thousand years  
A world in fire, in chains and fear  
Leads me to a place so far, deep down it lies  
My secret vision, I'll better keep it safeShall I leave my friends alone  
Hidden in my twilight hall?  
I know the world is lost in fire  
Sure there is no way to turn itBack to the old days  
Of bliss and cheerful laughter  
We're lost in barren lands  
Caught in the running flames aloneHow shall we leave the lost road?  
Time's getting short so follow me  
A leader's task so clearly  
To find a path out of the darkMirror, mirror on the wall  
True hope lies beyond the coast  
You're a damned kind, can't you see  
That the winds will change?Mirror, mirror on the wall  
True hope lies beyond the coast  
You're a damned kind, can't you see  
That the winds will change?Even though the storm calmed down  
The bitter end is just a matter of time  
Shall we dare the dragon, Merciless  
He's poisoning our hearts, our heartsHow shall we leave the lost road?  
Time's getting short so follow me  
A leader's task so clearly  
To find a path out of the darkMirror, mirror on the wall  
True hope lies beyond the coast

You're a damned kind, can't you see  
That the winds will change?Mirror, mirror on the wall  
True hope lies beyond the coast  
You're a damned kind, can't you see  
That the winds will change?
