

# Mesmerized

## The Bangles

The moment you came into view  
Everything went out of focus cept for you  
From ordinary to sublime  
And all the world went in and out of timeLost in the reverie  
Taken by surprise  
You had me so completely mesmerizedOnly a fool would come between  
A man and something sacred and serene  
Im the first one to admit  
That Im a fool and not ashamed of itCaught by the daring look  
Of longing in your eyes  
You got me so completely mesmerizedIts only here for a night  
Its only true  
If you believe its alright  
Its alright its alright  
Its only us for the night  
Me and you  
And I believe its alright  
Its alright  
Its alrightThe morning comes with no regret  
And I believe the proper etiquette  
Kiss me in silence slip away  
When day becomes the night becomes the dayI would have walked away  
Behaving otherwise  
But you had me so completely mesmerizedIts only here for the night  
Its only true  
If you believe its alright  
Its alright, its alright  
Its only us for the night  
Me and you  
And I believe its alright  
Its alright
