Undone

Blondie

La la la la, la la
La la la la, la la, la la
La la la la, la la
La la la la, la la, la la la, la la la
Was that an invitation?
Can you explain? I'm so impatient
Hey rise to the occasion
Can you explain the reason
Why you took a second look, a second look?
I saw you once, met you twice
Ooh, your presence feels so nice
You're silent, get your tongue untied
When the night goes still you open wide
You've got to say oh ohh, before I come undone
You got a sweet expression
Is that the spot that I should kiss on?
Hey tell me, can you hear me?
You've got to raise your voice 'cause the music's loud
You've got to shout, spit it out
It seems like you've got a funny way
Eyes that tell what you can't say
I sure would like to read your mind
You're speechless and I've tried and tried
You've got to say, oh ohh, before I come undone
Right from the start
Your kissin' lips are undone
If you just say somethin'
I won't tell you to shut it up
La la la la, la la
La la la la, la la, la la
La la la la, la la
La la la la, la la, la la la, la la la
It's like an application
You fill it in the open spaces
'Cause I've been overtakin'
And I'm so sick of waitin' one, two, three
Answer me, answer me
I saw you once, met you twice
Ooh, your presence feels so nice

You're silent, get your tongue untied
When the night goes still you open wide
You've got to say oh, ohh, before I come undone
I saw you once, met you twice
Ooh, your presence feels so nice
You're silent, get your tongue untied
When the night goes still you open wide
You've got to say oh ohh, before I come undone
