

# Redemption (Hangs Upon the Nails)

## The New York Room

listen, hear me  
close your eyes  
close your arms around me  
take my hand  
take everything  
I am dying in your arms  
dont you know that I am here?  
like so many times before  
whisper, to me  
say you will stay  
say you will stay with me  
say my name  
say anything  
I am lying in your arms  
cant you feel me here?  
like so many times before
