Pandora's Box

The O.C. Supertones

Pick your poison
Pseudo-Christian, neo-orthodoxy, false philosophy
Triple-X pornography, L S D, P C P, self-idolatry
Listen you can hear the laugh of Mephistopheles'Cause once you start, it's so very hard to cease
To say the least it's hard enough to keep it from increase
That's the box you can never close it once it's open
You can't contain what's inside once the seal is brokenWho knocked the locks off a Pandora's box?
Praise apostate while they mock the orthodox
Who knocked the locks off a Pandora's box?
Pandora's box, Pandora's boxWho knocked the locks off a Pandora's box?
Praise apostate while they mock the orthodox
Who knocked the locks off a Pandora's box?
Pandora's box, Pandora's boxThe box was opened first by Adam and Eve
Forbidden fruit they tasted and planted the seed
That grew up into hatred, lust and greed
The pain of Cain and his devious deedIt permeates society circling like a vulture
But the lid's flung wide and we call it our culture
That's the box you can never close it once it's open
You can't contain what's inside once the seal is brokenWho knocked the locks off a Pandora's box?
Praise apostate while they mock the orthodox
Who knocked the locks off a Pandora's box?
Pandora's box, Pandora's boxWho knocked the locks off a Pandora's box?
Praise apostate while they mock the orthodox
Who knocked the locks off a Pandora's box?
Pandora's box, Pandora's boxWho knocked the locks off a Pandora's box?
Praise apostate while they mock the orthodox
Who knocked the locks off a Pandora's box?
Pandora's box, Pandora's boxWho knocked the locks off a Pandora's box?
Praise apostate while they mock the orthodox
Who knocked the locks off a Pandora's box?
Pandora's box, Pandora's box
