

# Maniak

## Plexis

Get up !  
Brutality, in action  
Be me becoming an animal  
Blue eyes, bloody sight  
Ready for a fatal fight  
Maniak !  
Anal way to explain you  
This hate I feel is all for you  
Prepare yourself to be killed  
Time has come for me to crush you  
Get up !Wake up !Maniak !Born to kill...  
Maniak !Born to kill...Slave to violence  
Destroyer of innocence  
Genetic decadence  
Rituals ,voodoo dance  
Maniak !  
Rape flashes ,mad obsessions  
Sodomy, strangulation  
Watch your movie stars on t.v  
Let me paint unforgiven scars on your skin  
Get up !Wake up !Maniak !Born to kill...  
Maniak !Born to kill...High level of adrenaline  
Let me push you down into your coffin  
Mouth open, still hot breath  
Disillusions, death is real  
Maniak !  
The bloody color of your red fluid  
Lay in a bed of hemoglobin  
By killing you I build myself  
Your dead sight reflecting my face !
