

Everyday

Puggy

Doudoudoudoudoudoudodou
DoudoudoudoudoudoudodouEveryday is a day you haunt me
Never day is a day I swear
Any day when you are near me
Is a day for which I careNo no you're not alone
When there's someone you can hold
Someone who is there
No no you're incomplete
Til that someone that you meet
She tells you she is thereNo you're not, no you're notDoudoudoudoudoudoudou
DoudoudoudoudoudoudouAny day's a day before me
And could be our last affair
You might fear the night will take me
But every single night we shareNo no you're not alone
When there's someone you can hold
Someone who is there
No no you're incomplete
Till that someone that you meet
She tells you she is thereNo you're not, no you're notDoudoudoudoudoudoudou
Doudoudoudoudoudoudou
