

Feel

Anathema

I've feeling I won't be coming down from this,
I was searching through the heavens and somehow I slipped,I feel, I'm seeing so clearTrying to forget tomorrow
and all that's happened,
This is not the way, the way I was meant to be.I feel, I'm seeing so clear,
I thought I was never gonna die.
I feel, I'm seeing so clear,
We need more time.Slipping away, I think I'm gonna crack,
Misplaced trust, loyalty stabbed in the gut.I feel, I'm seeing so clear,
I thought I was never coming back,I've been down for awhile,
And now I'm coming back...
