

# Trouble Under Your Roof

## Shaggy

Under mi roof, yeah  
Under mi roof  
Under mi roof ah ah  
Under mi roof  
Bitch under mi roof now Got trouble under mi roof  
Now I know it  
Can't divide your heart so you won't have to chose  
Trouble under yo roo-uh-of  
You keep it all in your heart  
Gimme cause I will lose  
Trouble under yo roof now I know it  
You can't divide your heart  
So you won't have to chose  
Trouble under yo roo-uh-of  
You keep it all in your heart  
Gimme cause I will lose This world my God gimme 3 under  
We're conflict is bring by disaster  
My goodness sometimes I might wonder  
Will it last if this goes on much longer  
Cause there's no peace when we are together  
We need to find more love for each other  
We need to live as sisters and brothers oh yeah  
And find the common good in each other Got trouble under mi roof  
Now I know it  
Can't divide your heart so you won't have to chose  
Trouble under yo roo-uh-of  
You keep it all in your heart  
Gimme cause I will lose  
Trouble under yo roof now I know it  
You can't divide your heart  
So you won't have to chose  
Trouble under yo roo-uh-of  
You keep it all in your heart  
Gimme cause I will lose One fondle from the roof are we under  
Tell yourself what is it that you're after?  
Less sadness let's bring forth more laughter  
Got to get along and try and live together  
Cause there's no peace when we are together  
We need to find more love for each other

We need to live as sisters and brothers oh yeah  
And find the common good in each otherGot trouble under mi roof  
Now I know it  
Can't divide your heart so you won't have to chose  
Trouble under yo roo-uh-of  
You keep it all in your heart  
Gimme cause I will lose  
Trouble under yo roof now I know it  
You can't divide your heart  
So you won't have to chose  
Trouble under yo roo-uh-of  
You keep it all in your heart  
Gimme cause I will loseYeah under mi roof now  
I see trouble, I see trouble  
Trouble under yo roof  
Trouble under yo roof  
Trouble under yo roof  
Trouble under yo roof
