

# Corrina (aka Corrine Corrina)

## Taj Mahal

I got a bird what whistles, baby got a bird  
Honey got a bird  
It would sing, baby got a bird  
Honey got a bird  
It would sing  
Without my Corrina, sure don't mea...  
Sure don't mean a natural thing  
I learned to love you baby, honey for I call  
Baby for I call your name, baby for I call  
Honey for I call your name, I love you Corrina  
It sure don't mean, it sure don't mean a natural thing  
Have mercy, have mercy, baby on my hard luck  
Honey on my hard luck soul, baby on my hard luck  
Honey on my hard luck soul  
I got a rainbow round my shoulder  
Looks like silver, shines like Klondike1 gold  
Well I love you honey, honey tell the world, baby tell the world I do  
Honey tell the world I do, baby tell the world I do  
Ain't no woman in fourteen counties, love me baby like the way I do  
I got a bird what whistles, baby got a bird  
Honey got a bird...  
It would sing, baby got a bird  
Honey got a bird...  
It would sing  
Without Corrina, sure don't mean, sure don't mean a natural thing  
Corrina, Corrina, Corrina
