Highflyer

Jeanette

Night and day come what way
You know that I'm in love, babe
To much is not enough yeah
You are my darling angel
You must be send from above
Thanks for giving your love[Chorus]
High flyer, high flyer
He's so really irresistible
High flyer, high flyer
Baby you light
Up my sky
Up my skyWhat about the long run
We live only for pure fun
Never felt so right babe
You are my darling angel
You must be send from above
Thanks for giving your love[Chorus]
