

# Vertigo

## Anya Marina

The song you sing is  
Sentimental

The song you sing is  
Making me well

I like it like it  
Outta control

The song you sing  
Gives me vertigo

Oh oh I was  
Singing to myself

Whoa whoa  
Pretending you were there

Whoa  
Whoa lose my eyes and it begins

Whoa you're giving me the  
Spins

This medicine's  
Experimental

This medicine it's  
Making me well

I like it like it  
Outta control

This medicine gives  
Me vertigo

Oh oh I was singing  
To myself

Whoa whoa pretending

You were there

Whoa whoa lose my  
Eyes and it begins

Whoa you're  
Giving me the spins

Chorus

Everyone I see  
They stop and stare

Everyone I  
Meet but I don't care

Everything  
I knew is dying dead

Everything I  
Feared was in my head

This  
Medicine's experimental

This  
Medicine it's making me well

I  
Like it like it outta  
Control

This medicine gives me  
Vertigo

Oh oh vertigo

Oh oh (I  
Was singing to myself)

Oh oh oh  
Vertigo

Oh oh oh (I was singing  
To myself)

Oh oh oh oh (I was

Singing to myself)

Oh oh oh oh
