done forever

WYLD WYZRDZ

I don't have any doubt in my head,
that you're goin' away.
I don't have any doubt in my head,
of what your gonna say.
I know I could've tried so much more,
but your never gonna stay.
my bloods cold and thick and raw.
We're done forever
We're done forever
We're done forever
We're done forever
Hold me, hold me now,
before you go.
Hold me, hold me now,
before you go.
I'm on my own once again,
I've been waiting for this day.
I'm on my own once again.
Hold me, hold me now,
before you go.
Hold me, hold me now,
before you go.
And I feel it.
And I feel it.
I know I lost everything,
I've been waiting for this day.
I know I lost everything,
I've lost it all.
We're done forever
We're done forever
We're done forever
We're done forever
