

# Very First Time

Roscoe Dash

Ba ba bum...ba ba bum....

Ba ba bum...ba ba bum...

[Hook]

It go, shawty you a ten,

Let me chauffeur, you on a ride that never end,  
Take you all the places that you ain't never been,  
Fulfill all your fantasies and ain't none of em pretend,  
None of em pretend,

[Verse 1]

Miss number after nine, damn it girl you fine,  
And Id be lying if I said I wasn't tryin to take your time,  
I know you probably been approached a thousand times,  
By lots of guys who probably lied about their lives,  
And left you hangin' out to dry,  
Well this aint that type of story, my love is mandatory,  
And if i had a price tag, very few could afford me,  
I'm mister call me when you horny, and Ill be there till the morning,  
Now every sentence wit my name is so exclamatory,  
i stand in her guts and glory, she sing me a Spanish story,  
And she ain't even Spanish, how unexplanatory,  
She keep it wet like a storm and i drive her she ridin' sports,  
See there's a first time for everything and you deserve a felony,  
Cause shawty you a ten.

[Hook]

It go, Shawty you a ten,

Let me chauffeur, you on a ride that never end,  
Take you all the places that you ain't never been,  
Fulfill all your fantasies and ain't none of em pretend,  
None of em pretend,tend

She said she never tried,

And it'll be her very first time,

Her very first time,

Told her everything will be alright,  
Just buckle up tight and leave the rest to me,  
You ain't gotta worry bout a thing at all,  
Relax girl everything will be ok,  
You need a chauffer, i'm the one to call  
Sit back, enjoy the ride, and lemme me do my thang.

[Verse 2]

Im on it. Your boyfriends been demoted  
I'm so potent shes so focused  
No shazaam or hocus pocus  
I divide her whats the quotient?  
And no im not her man but im the closest  
Thing to her heart when i enter  
I'm in her like a splinter  
Dessert her after dinner i go sinner  
than i send her to a place that she ain't never been  
And now she stuntin' hard like they never did,  
Damn.

[Hook]

It go, Shawty you a ten,  
Let me chauffeur, you on a ride that never end,  
Take you all the places that you ain't never been,  
Fulfill all your fantasies and ain't none of em pretend,  
None of em pretend, tend
