Tomorrowing

Lisa Germano

If you feel let down at all, you lift me
Just a little frown is all I need
Do you think it's fun? Oh yeah
Do you feel alone? AlrightIt's just the wave we're riding
So sick of you and me and like us
Falling all around inside our headsDo you think of it? Oh yeah
Just a little bit? Alright
On a wave I'll leave youIt's okay, it's okay
It's okay, it's okay
Tomorrowing, tomorrowing
Tomorrowing, yeahAre you closing down again?
I know you
Don't you wonder how
They make it through?But I like it when you're sad
I'm happier
It's just the wave you're used to
Are you really down?Tonight, I'm there too
All the way until we lose control
Are you all alone? Oh, no
Can you make a sound? Oh, yeah
And the waves keep movingIt's okay, it's okay
It's okay, it's okay
Tomorrowing, tomorrowing
Tomorrowing, yeahTomorrowing, tomorrowing
Tomorrowing, yeah
Tomorrowing, tomorrowing
Tomorrowing, yeah
