Skinhead BBQ

Dance Hall Crashers

we always need a skinhead BBQ back in the month of June
to ward off all the bad feelings left over from the fall and spring.
we must rely on common sense to keep us out of any mess,
protect all those who do attend and entertain them until the end.why can't all things be simple just like a BBQ,
a summer skinhead BBQ - someday they will, someday they will, someday they will.
hamburgers and hot dogs, chips and onion dip,
watermelon and hawaiian punch to sip,
don't forget the oreos, double stuff - of course.we always need a skinhead BBQ back in the month of June
to ward off all the bad feelings left over from the fall and spring.
we must rely on common sense to keep us out of any mess,
protect all those who do attend and entertain them until the end.
why can't all things be simple just like a BBQ,
a summer skinhead BBQ - someday they will.
hamburgers and hot dogs, chips and onion dip,
watermelon and hawaiian punch to sip,
don't forget the oreos, double stuff - of course.
